“Dear Madam Elizabeth Mofor,

Your letter NO 00000004/LAFTA/03/2014 of 18 March 2014, and the information you gave during the discussion we had on 28-03-2014, have moved me to express to you my heartiest congratulations on your vision that has enabled you to see the miserable conditions in which the aged in our country and other African countries live, and to come up with your dream of how this problem could be solved. You have not stopped at presenting the solution but you have proceeded to actually show how it can be realized. Your strong faith in this matter is infectious, and I have deeply touched by the strength of the will with which you are tackling this great human issue of our time.

Let me assure you, Madam, that the project has my fullest support. It cannot, of course, be otherwise : I am a future beneficiary.

.....

It is my fervent prayer that the Good Lord who inspired you to create this great venture will continue to give you the strength to realize this dire human need of our time.

With kindest regards and best wishes.”
